**Excellence in Formwork, Shoring and Scaffolding**

people make the difference

RMD is a powerful team comprising the skills, experience and energy of over 1,900 men and women in 16 countries. Totally diverse in nationality, culture, language and background. Totally united in the pursuit of customer satisfaction.

Client: Triform Construction Pty Ltd

Project: Homemakers Megacentre, Brisbane

## RMD Australia

RMD Australia is a customer driven business providing highly productive, cost effective and safer solutions for wall and soffit formwork, scaffold systems and shoring systems that meet the requirements of our customers, based on quality of service and technical excellence.

RMD Australia has over fifty years' experience in providing innovative construction equipment and support services for a diverse range of construction projects throughout Australia, including:

- High Rise Buildings
- Industrial Structures
- Utilities
- Bridges
- Retail Facilities
- Stadiums
- Mining
- Transport Infrastructure
- Educational Facilities

## Branch Network

To provide convenient customer service, RMD Australia has established a network of 17 branches around the nation, which are all capable of supporting a diverse range of construction projects. The branch network enables RMD Australia to supply its product range and accessories to building sites around Australia in a time frame that meets our clients' construction needs. RMD responds

flexibly to customer requirements, if a product isn't available from a particular branch we can quickly transfer it in from the next nearest location.

RMD Australia branches have their own engineering design capability. If the designer needs additional assistance on a more complex project, the extensive resources and knowledge of our Head Office engineering team are utilised.

## Experience

RMD Australia has considerable expertise, based on over 50 years of experience on construction projects. This ensures our ability to assist our customers at every stage of the project throughout its duration. All of our staff are well trained and have an excellent understanding of most aspects of construction projects and thereby can provide valuable support to our customers - ensuring successful project completion.

# RMD Australia Project Sectors

These are some of the sectors in which RMD Australia has developed significant experience and expertise during the fifty years we have been supporting the construction industry in Australia.

Transport Infrastructure

Bridges

High-Rise Buildings

Mining

Retail Facilities

Utilities

Access Structures

## Commercial Building (Retail and Hi-Rise)

Commercial building construction experience is exemplified by RMD's involvement with the Homemaker Megacentre in Brisbane and the Platinum Apartments in Adelaide.

## Access Structures

RMD Australia has a wide range of access equipment, ranging from scaffolding to temporary sporting and entertainment structures, such as the Commonwealth Games stage in Melbourne.

## Bridge Construction

RMD Australia's work in bridge construction is extensive including the Green Bridge in Brisbane and the Collin Street Bridge in Melbourne.

## Mass Transit

Mass Transit Projects undertaken by RMD Australia include the M7 Westlink in Sydney and the Kwinana Bus Transitway in Perth.

Industrial Structures

Stadiums

## Construction of Utilities

RMD Australia is well versed in the construction of utilities, such as the Wujal Wujal Wastewater Treatment Plant in Cairns and the Durambah Road Reservoir in the Gold Coast.

## Industrial Structures

RMD Australia has a superb pedigree in industrial construction. The Comalco Alumina Refinery in Queensland is an excellent example of RMD Australia's work in this area.

## Stadium Construction

Stadium construction and refurbishment projects undertaken by RMD Australia include the MCG Redevelopment in Melbourne and the Aurora Stadium in Hobart.

## Constructing Mining Structures

RMD Australia has significant expertise in supporting contractors constructing and refurbishing mining facilities, such as the Century Zinc Mine, North of Mt Isa and the Telfer Mine in Western Australia.
