

Design Drafter / Engineer

Construction Industry – Perth

RMD Australia is part of the international RMD Kwikform group, and is regarded as a leader in our field. We currently have a vacancy for a Design Drafter or Engineer in our Perth Regional Office.

The role offers a variety of interesting work in both the commercial and civil engineering environments covering diverse and challenging temporary works solutions and designs. The successful applicant will operate as part of a highly efficient and innovative team under the guidance of an experienced engineer.

You will need to be capable of drawing with AutoCAD LT or Mechanical 2008 or 2011 and be a self starter with a practical mindset. Previous on-site experience or design office background would be an advantage.

We will reward you with a competitive salary package, as well as training in our products and systems. Don't miss this opportunity to further your career within a well established and innovative international organisation.

For further information or to apply, please contact our WA Regional Manager Chris Wood on (08) 9248 5900 or via email at chris.wood@rmdformwork.com.
